Superintendent's Highlights

District #41 remains committed to quality education for all students. Goals and strategies for improvement are continuously evaluated and revised based on input from staff, board members, and community members. The District's Strategic Plan is updated annually. Progress and benchmarks are documented formally at least twice per year, and individual building, department, and staff goals are updated annually.

The District maintains exceptional standards for administration and instruction, working towards the common goal of continuous improvement in all areas.

Construction of our new Track & Field Complex at St. Maries High School is planned for completion in the fall of 2001.
